

Success Story of Odisha Millets Mission

Rayagada block - Gajapati district

This factsheet presents the block-level findings and other information derived from the study "Area, Yield, Production and Value of Produce under the Special Programme for Promotion of Millets in Tribal Areas of Odisha (Odisha Millets Mission), 2017-18, Phase-1" and baseline (2016-17) reports prepared by Professor Srijit Mishra and team at NCDS.

OUTCOMES: CHANGES AFTER ONE YEAR OF OMM INTERVENTION

YIELD COMPARISON AMONG BLOCK, DISTRICT AND STATE

In Rayagada block of Gajapati district, the yield of 8.68 quintal/hectare in 2017-18 for millets cultivated under OMM in the block was lower than the yield of 8.99 quintal/hectare in 2016-17 for millets cultivated in baseline.

Under OMM in 2017-18, yield of millets in Rayagada at 8.68 quintal/hectare is lower than Gajapati district's yield of 13.50 quintal/hectare and the state's average yield of 12.72 quintal/hectare.
